## PARTS LIST

Ski sleeve

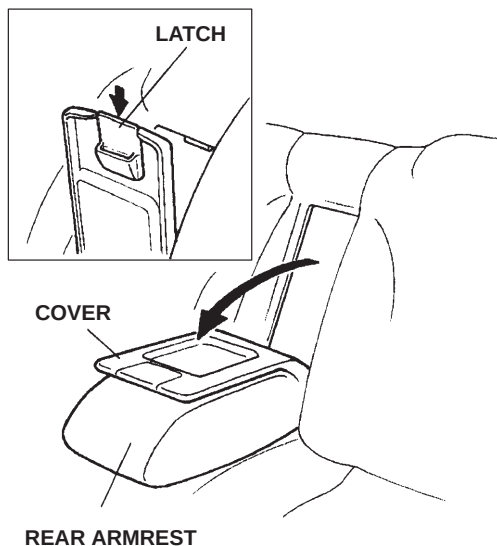

Storage bag

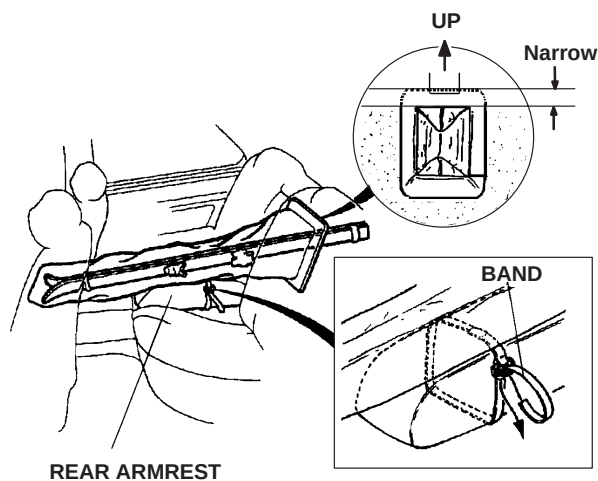

## INSTALLATION

1. Fold down the rear armrest.
2. Open the cover of the armrest by pressing down on the latch.

3. Remove the ski sleeve from the storage bag.
4. Inside the trunk, install the ski sleeve through the opening in the rear seat and into the passenger's compartment with the narrow side facing up.

5. Secure the sleeve to the rear armrest with the attached band.
6. Put these instructions in the storage bag, and put the storage bag in the trunk.
